Artera Platform – Privacy Policy for Clients

Effective Date: 1/1/2026

1. Definitions

Personal Data: Any information related to an identifiable person, including name, phone number, email, uploaded images, location, and booking/payment history.

Data Processing: Any operation performed on personal data, including collection, storage, use, transfer, or deletion.

Authorized Entities: Entities permitted to access or process personal data for operational or legal reasons, including internal staff and external service providers.

Platform / Application: The Artera digital platform used by clients and service providers for booking and communication.

2. Data Collected

The platform collects personal data necessary to deliver services and enhance user experience. This includes the client's full name, phone number, email, geographic location and national address, booking and payment history, preferences related to AI features, and any images uploaded by the client for service previews, personalization, or documentation.

3. Use of Data

Collected data is used for operational and compliance purposes, including processing bookings and payments, matching clients with suitable service providers, sending service updates and notifications, improving platform functionality, and complying with regulatory requirements or resolving disputes.

4. Data Sharing

The platform may share collected data only with specific parties and for legitimate operational, financial, regulatory, or promotional purposes. These parties include service providers linked to confirmed bookings, approved electronic payment gateways, the internal support and operations team, and relevant government authorities when required by law.

Additionally, the platform may use data in advertising or promotional campaigns executed by authorized marketing partners.

5. Data Protection

The platform adheres to technical and organizational standards to protect personal data from unauthorized access or unlawful processing. These measures include SSL encryption during transmission, secure data storage environments, restricted internal access based on user roles, and regular information security audits.

6. Client Rights

Clients have the right to request access to their personal data, correct any inaccurate or outdated information, delete their account and all related data upon request, and raise any privacy-related questions or complaints with the platform's support team.

7. Amendments

The Platform reserves the right to modify this Policy at any time. Continued use of the Platform following such amendments constitutes acceptance of the updated policy.
